THE PASTOR.

Mrs. Mary C. Allen.

When Mrs. Mary C. Allen passed to her home beyond the grave at the home of her son, Mr. J. E. Allen at 4:30 o'clock last Saturday morning, Texas lost, in point of residence, one of her oldest citizens.

Deceased lived beyond the age allotted to the average human being, having reached the ripe old age of 85 years. She was born in Tennessee and at the age of two years was brought by her parents to Texas and had made her home here for eighty-three years. Houston, Henderson, Lamar, and the other great men who were guiding the destiny of the newly born republic were engaging a great deal of the public attention of the world when this girl baby crossed the line into this state, and her passing has severed another link that bound the past to the present. She witnessed the transformation of a wild, savage country into one of the most prosperous of the galaxy of States that today forms the American Union; in her time the Bonnie Blue Flag of Texas was lowered and old Glory was raised its stead. The passing of one of these old pioneers is a distinct loss to the state and their demise causes a feeling of sadness to all lovers of the State, because all are the beneficiaries of the heroism of the pioneers who by untold hardship and self-sacrifice built up a commonwealth today dotted by the happy homes of their posterity.

Deceased settled at San Marcos in 1847 and continued to reside there until 1881, when she moved to Edwards County where she resided until 1897, when following the death of her husband she came and made her home with her son and his family in Hondo. Besides our fellow townsman, Mr. J. E. Allen, she is survived by one daughter, Mrs. George Sprinkle of Marion, Virginia, and eight grandchildren.

Her funeral occurred at 4:00 o'clock Saturday afternoon, the body being buried in the Hondo cemetery. Rev. J. M. Alexander, pastor of the Methodist Church, conducting the services.

While realizing that the Death Angel has relieved her of the infirmities and suffering incident to old age her passing has caused deep grief to the loved ones left behind, and they have the sympathy of all our people.

Attention Democrats.

A precinct convention of Precinct No. 16 will be held in the auditorium of the High School building at 4:00 p. m. Saturday, May 1st, 1920, for the purpose of electing delegates to the County Convention. All Democrats are urged to be present.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. . . . had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

TAKE

CARDUI The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

AFTER SICKNESS COMES HEALTH.
AFTER WEAKNESS COMES STRENGTH.

In the spring when you're "all in"—fagged out—blood thin, if you will turn to Nature's remedy, a tonic made from wild roots and barks, which has stood fifty years as the best spring tonic—you will find strength regained. No need to tell you it's Dr. Pierce's Golden Medical Discovery, put up in tablet or liquid form, and sold by every druggist in the land. After a hard winter—shut up indoors, your blood needs a temperance tonic, a tissue-builder and blood-maker such as this "Medical Discovery" of Dr. Pierce's.

TALCO, TEXAS—"Dr. Pierce's medicines have done for me a great deal of good and I certainly appreciated it. I have taken three bottles of 'Golden Medical Discovery' and one of 'Favorite Prescription' and am much improved. They have done me so much good I can't praise them enough. I was in bed with a sore leg for a week and the 'Discovery' cured it."—Mrs. L. I. DANIELS, R. R. Box 30.

Mrs. J. T. FitzSimon visited in San Antonio during the week. She was accompanied home by her little grand children, Theodora and Augusta FitzSimon.

Chamberlain's Cough Remedy.

The great benefit derived from use of Chamberlain's Cough Remedy has been gratefully acknowledged by many. Mrs. Benjamin F. I gave it to my children when small for croup and have taken it myself."

Mrs. F. A. Hoog and children, Virginia and Lucil Mae, returned to their home in Del Rio after spending several days at the Hoog ranch south of town.—Uvalde Leader-News.

Mr. L. H. Farnham, a prominent druggist of Spirit Lake, Iowa, says: "Chamberlain's Tablets are certainly the best thing on the market for constipation." Give these tablets a trial. You are certain to find them agreeable and pleasant in effect. Price 25 cents.

Floyd Taft and Miss Clara Zuercher of Crystal City were united in marriage here at 9:30 Thursday morning at the home of the Oblate Fathers.—Uvalde Leader News.

Are You Happy?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effective, easy and pleasant to take.

REPORTER.

How Diphtheria is Contracted.

One often hears the expression, "My child caught a severe cold which developed into diphtheria," when the truth was that the cold had simply left the little one particularly susceptible to the wandering diphtheria germ. If your child has a cold when diphtheria is prevalent you should take him out of school and keep him off the street until fully recovered, as there is a hundred times more danger of his taking diphtheria when he has a cold. When Chamberlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or any other germ disease being contracted.

Some more land deals—Leonard Leighton, of Eagle Pass, has recently sold his ranch of 1100 acres east of Tarpley to O. B. Evans, and J. J. Leighton, buying 900 and 200 acres respectively. They also bought his goats.—Bandera New Era.

A Healing Salve for Burns, Chapped Hands and Sore Nipples.

As a healing salve for burns, sores, sore nipples and chapped hands Chamberlain's Salve is most excellent. It allays the pain of a burn almost instantly, and unless the injury is very severe, heals the parts without leaving a scar. Price, 25 cents.

The main trouble about a lady's shoes is that the price hurts her feelings and the size hurts her feet.

How is Your Complexion?

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

Personally we would like to join the Overall Club, if we could get in without having to buy a pair of overalls.

Mr. Alfred Villemain left last week for Mission.—Bandera New Era.

"RESULTS MORE THAN CLAIMED"

So testifies Mr. J. F. ARENDT, Box 44, Romig, Texas

PE-RU-NA THE REMEDY FOR EVERYDAY ILLS

"I have used Pe-ru-na for years in cases of colds and catarrh. The results have been good, in fact, more than you claimed. Have also taken Lacupia and can easily say it is one of the best blood purifiers I have ever used."

Mr. J. F. Arendt

For Catarrh and Catarrhal Conditions

The evidence of one man like Mr. Arendt is more convincing proof to you of the merits of Pe-ru-na than any written words of ours. For fifty years Pe-ru-na has been the standby of the American family for diseases due to catarrhal inflammation of the mucous membranes lining the organs of the body. Thousands, like Mr. Arendt, have proved the effectiveness of Pe-ru-na for coughs, colds, nasal catarrh, stomach, bowel and liver disorders or any disease characterized by a catarrhal condition. If your suffering is the result of a catarrhal disorder try Pe-ru-na. It is a true, tried medicine.

"I wish to say in reply to Senator Borah's charges and insinuations as to excessive and improper use of money that such charges are false and that such insinuations are unwarranted. MEET THE DE VEYRA FAMILY!

They Are Putting the Philippines on the Map in Washington

Hon. Jaime C. de Veyra, Who Has Just Been Re-elected as Philippine Commissioner to the U. S.

Mrs. Jaime C. de Veyra. She is Doing Important Work for Her People in America.

THE CHILDREN OF THE PHILIPPINE COMMISSIONER.

The Baby of This Group Speaks Three Languages—Visayan, Spanish and English.

Permit us to present the De Veyra family.

The Hon. Jaime C. de Veyra is the Resident Commissioner from the Philippine Islands to the United States and has just been elected to a second term of three years. As Resident Commissioner he has a seat on the floor of the American Congress, the privilege of taking part in debates, although no vote.

Commissioner de Veyra has an interesting wife and four bright Filipino kiddies. The De Veyra family, individually and collectively, constitute the best argument as to the tact and capabilities of Filipinos that the Philippine Islands have in Washington.

The commissioner is a 100 per cent Filipino, a Visayan, and is one of the foremost leaders of the party in power in the islands. During American occupation he has been successively governor of his province, member of the Philippine legislature, cabinet member and executive secretary of the islands.

Like many statesmen of the Philippines, he was originally a newspaper man. He was one of the founders of El Nuevo Dia of Cebu, the first Filipino paper published advocating Philippine independence. The paper came under the censorship of General McIntyre, and on the appearance of the first number the editors were left in the singular position of seeing every prominent article blue penciled.

Mrs. de Veyra, like her husband, is a "live wire" in the Philippines' cause. She is the best known Filipina in America. She is an interesting public speaker and is constantly giving illustrated lectures at women's clubs and other gatherings. Mrs. de Veyra is a publicity bureau all in herself and has put the Philippines on the map, so far as the women folk of Washington congressional circles are concerned.

"I find that the Filipino people have been much misrepresented in the United States," says Mrs. de Veyra. "I do not mean to infer we are perfect, for we are not. My people have most of the defects, I suppose, that other humans have, but at the same time we are far from the people that many Americans have been made to believe. Not only are we a Christian people, but our race has a history that we are not ashamed of. Throughout the Philippine Islands the people are now working earnestly to improve themselves and their conditions so they will be prepared to take over their own affairs. We all love America for giving us a chance to help ourselves and for having promised us our independence, which is one of the dearest desires of the entire citizenship of the islands."

To American women whose ideas of Filipinos have been founded on Sunday supplement descriptions of wild tribes, Mrs. de Veyra's gentle manner and evident culture have been a revelation. She is sought by women's clubs because of her charming manner as an impromptu speaker on the subject nearest her heart—the women of her country.

At a recent Washington gathering she gave in perfect English a concise account of the work of a woman's club in Manila which supplies milk to the babies of the poor and trains mothers to care for their young children. She told of another woman's club which has branches all over the Philippine Islands and which maintains day nurseries for the children of the working women, provides Christmas cheer for the lepers, the insane and the convicts, and gathers data to influence legislation for the benefit of Filipino women and children.

The four little De Veyras, shown in the picture, having attended the public schools in Manila, slipped right into the same grades in the schools of Washington. Even little Mary, the baby of the family, speaks three languages—her native tongue, Spanish and English.

"PLAY BALL!" They can do it the year around in the Philippines.

Here's indisputable evidence that the Filipino people have been Americanized! The great American game of baseball is the rage in the islands. This photograph shows a parade which preceded one of the big games in Manila. Baseball is played from one end of the archipelago to the other, and, as in other branches of athletic sports, some classy players have been developed.

Smaller Cars—and the World's Most Popular Tires

No tires bearing the Goodyear name, not even the famous Goodyear Cords which equip the world's highest-priced cars, embody a higher relative value than do Goodyear Tires in the 30x3-, 30x3½-, and 31x4-inch sizes.

In these tires owners of Ford, Chevrolet, Dort, Maxwell and other cars taking the above sizes are afforded a measure of performance and service such as only the world's largest tire factory devoted to these sizes can supply.

All that this company's experience and methods have accomplished in these tires is available to you now at the nearest Goodyear Service Station.

Go to this Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He has them.

30 x 3½ Goodyear Double-Cure Fabric, All-Weather Tread \$23.50
30 x 3½ Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30 x 3½ size in water—\$4.50 proof bag.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

WOOD STRONG IN INDIANA

Joss and Hogan Say He Will Carry State at Primary—Ohio for Him, Glenn Says.

Chicago, March.—Frederick A. Joss, vice chairman of the Leonard Wood campaign committee, who has just returned from a trip to Indiana and Missouri, and Harry G. Hogan, chairman of the Indiana state campaign, unite in a statement in which they declare that Indiana will vote for Wood in the primary by a large majority.

E. F. Glenn, a Wood worker, who is assisting John T. Price, Ohio state chairman, makes the same prediction for his state.

WOOD DECRIES PATERNALISM

Tells Michigan Audience People Must Not Depend on Government for Everything.

Escanaba, Mich., April.—Leonard Wood, addressing a large audience here today, declared "that paternalism in national government is fatal to American progress."

"No man can run the whole show," he declared, "and the higher most men get in the world the more they realize it. You can't run the world by verbal message, and the people who depend on the government for everything from the price of sugar at the corner grocery to the regulation of industries soon will grow helpless."

"People must rule in order to learn how to rule," he said.

WOOD AT MCKINLEY'S TOMB

Makes Pilgrimage to Last Resting Place of Martyr President in Canton, Ohio.

Canton, O., April.—Leonard Wood made a visit to the tomb of William McKinley here Friday. He appeared to be deeply moved during his brief pause at the last resting place of the martyr president. It recalled the intimate relations which existed between the two men while Wood was McKinley's physician. It was President McKinley who recognized the military genius of Wood and confirmed him in the rank of brigadier general, to which he was promoted on the field of battle.

LEONARD WOOD'S RULE OF LIFE

Eric Fisher Wood, a biographer of Leonard Wood, but not a relative, says in his book, published by George H. Doran company:

"The author once asked General Wood his rules of life. He replied: 'Always volunteer, no matter how dangerous or unpromising the task.'

"Once you have volunteered, never stop fighting. Do things, and don't talk about them. During the process you are likely to discover opportunity; eventually you can win through to success.' His face widened out into its characteristic aggressive smile. 'And then you will have the pleasure of hearing unenterprising men, who would never take a chance, allude to your achievements as due solely to luck and influence.'"

The first gun of the campaign was fired by the Bailey forces here Saturday afternoon when former Mayor Clinton G. Brown of San Antonio spoke in behalf of the Ex-Senator at the Hondo Auditorium. Owing to district court being in session at the same hour, a meeting of the county Farmers' Union just convening and the Carnival Company being on in full blast, the audience was not so large as might have been otherwise expected, but those who attended gave the speaker their undivided attention for more than an hour while he in a clear, logical manner discussed the doctrine of States Rights, the bearing the issues of the present campaign have upon this time-honored doctrine, and urged the people to endorse at the May primary Senator Bailey, and his stand on public issues. Judge Brown went from here to Yancey, accompanied by Dr. J. E. Schlottmann, when he spoke in the evening.

Quite a number of our local Masons attended the Masonic field meet day at Sabinal this week and all report a grand time. Hail Insurance On Growing Crops.

Are your growing crops insured against damage from hail?

Can you afford to go without a protection which is now so generally taken by successful farmers?

The irony of fate seems to be that the very climatic conditions which bring the rain that makes the crops also bring the hail storms that destroy the crops.

A farmer who has a fine stand of grain is simply playing with fate if he does not protect himself from loss by carrying HAIL INSURANCE in a strong, reputable company.

In Memory of my Uncle John Frerichs.

Gone, yes, gone, he has left us,
Forever we did part.
Joy for sorrow does always come,
Sorrow for us is very hard.

True, yes, true he was to all,
Smiles forever upon his face—
Sorrowful we looked upon him
'Ere he was given his resting place.

How we miss your gentle foot steps,
Miss each kind and loving word!
No more in this lonely household
Will your tender voice be heard.

Yes, we'll miss Uncle John very much,
But our loss is heaven's gain,
And 'er long we hope to meet him
And forever there remain.

God bless his children and their home,
God grant their feet may never stray,
God grant, some day, they all may come
To meet their father in his home.

MRS. W. M. ECKHART.

CRIPPLED INDIAN HONORED

Invited to Ride by General Wood, Who Hears Him Tell of Fighting in Russia.

Menominee, Mich., April.—Peter Koshech, a Menominee Indian who served with the Three Hundred Thirty-ninth infantry in northern Russia and was wounded twice by the bolshevists, arrived here with the party of Leonard Wood. Koshech hobbled four miles over country roads to meet the general's train at Harris. When Wood heard of this he insisted that the soldier ride to Menominee so that he might talk to him.

"Every overseas man is for General Wood," said Koshech, who is intelligent and well educated. "They know that he will be the best man for president."

LEONARD WOOD AS A SURGEON

Leonard Wood's taste ran to surgery. He became attached to a lieutenant who was a good football player. One day he asked the young officer: "I understand you are a married man and that your wife is ill. Where is she?"

The lieutenant told Wood his wife was in a Southern sanitarium suffering from a malady that baffled the physicians. He described the symptoms.

"Sounds like necrosis of the bone," said Captain Wood. "Bring your wife home. I'll guarantee that I'll have her walking within six weeks after I perform an operation." He did, for the lieutenant's wife was dancing six weeks after the operation was performed by Wood.

GREATEST LIVING AMERICAN

Georgian Who Served Under Wood in Philippines Is Sure of His Nomination.

Leonard Wood is now, since the death of Theodore Roosevelt, the greatest living American, according to Thomas Reed of Atlanta, Ga., who served under Wood in Cuba and the Philippines. Reed was in business in the Philippine islands while Wood was in command there. Consequently he had opportunity to observe the general from the position of a soldier and a business man.

"Since the death of the great Colonel Roosevelt," Reed writes, "it is my opinion that there is no doubt whatever of his nomination, and that means his election. I merely recite all this to show that I am in a position to know the great character of General Wood."

W. W. CANADA FOR WOOD

Chicago, March.—With Governor Goodrich out of the race, Indiana is solid for Wood, according to William W. Canada, who was twenty-one years United States consul at Vera Cruz, Mexico.

Announcement.

For Representative 116th District We are authorized to announce GROVER C. MORRIS as a candidate for re-election to the Legislature from the 116th District of Texas, subject to the Democratic Primaries in July.

Billings, Glass, Chick, Coffey and Schmidt have been hauling wheat to Comfort of late. Geo. Jones keeps the road between Tarpley and Hondo hot hauling off grain and bringing back freight with his Ford truck.—Bandera New Era.

An Interesting Story.

In the days when a lariat was more useful than a can opener in securing the family dinner, the noble red men, wards of the nation were accustomed to have a ration day once a month on the reservations, according to Dinsmore W. Hume, Federal District Director, Government Savings Division, Dallas, Texas. The beef herd was driven to the agency and guarded by U. S. Cavalry. As the name of the head of each tepee was called, the red warrior mentioned wiped his nose on his blanket, uncoiled his rope, kicked his skinny cayuse in the ribs with his moccasined heels and slammed his meat for the next month onto the bosom of Mother Earth.

In fifteen minutes, the steer was slaughtered, the pots were boiling and the meat was sizzling over the coals. The pots never ceased to bubble nor the coals to sizzle until the last bone was knawed. Every member of the family down to the latest flea bitten dog felt that a duty had been neglected if a shred of meat remained uneaten at once. Then they went back to a diet of roast prairie dog and rattle snake stew until next ration day.

That's why the noble red man had to be a ward of the nation. He would neither save nor look out for the future.

Thousand of pale faces are emulating their red brothers every pay day. They rope their pay envelopes, drag them to the nearest fire and proceed to burn them up. The rest of the month, they live on the expectation of a new pay day. The Indians were wards of the Government. They knew that there would be another ration day, but there are few white men nowadays who are absolutely sure of what the next pay day will bring forth.

If they conserve the pay day ration, by setting aside a part of it and investing it in War Savings Stamps, Registered Treasury Savings Certificates or buying Liberty Bonds at the present low market price, they need not worry what the next pay day will bring forth. By that very action they become in a measure wards of the Government.

WOOD VICTORY IN MISSOURI

Chicago, March.—William Cooper Procter, national chairman of the Wood campaign, announces that from reports received from members of his committee who were with Wood at St. Louis, he confidently expects at least 18 of the 36 votes from Missouri will be for Wood on the first ballot.

Among those votes will be that of David Procter of Kansas City, who won his place on the delegation after a hard fight with the anti-Wood forces. The election of Procter is considered a great victory for the Wood policies, for which the Kansas City Star has stood steadfastly for many years.

WOOD CARRIED MINNEAPOLIS

Chicago, March.—Final figures from the Minnesota primary show that Wood carried the 10 wards in Minneapolis comprising of the 5th Minnesota district. The first figures given out indicated that Hiram Johnson had won the district. Final figures are: Wood, 5,091; Johnson, 5,091; Hoover, 3,608; Lowden, 2,261.

In 2000 Counties This Month

The Forces of the Church of Christ Will Gather To Face the Facts

IN 2000 counties in the United States the pastors and laymen of 30 great denominations will meet in conference this month.

It is the kind of conference that generals hold before a critical engagement; that business men hold before entering a new market. A conference of judgment, not emotion; a clear-eyed facing of the facts.

A Survey that Business Men Must Admire

For more than a year hundreds of workers have been quietly engaged in making a scientific survey of the mission fields, and of America county by county.

The facts developed are startling. No such picture of America's religious situation has ever before been drawn.

On the basis of these surveys thirty Protestant denominations are uniting in a

Nation Wide Cooperative Campaign

Each of the thirty denominations has its own "Forward Movement" organized and officered. The Interchurch World Movement is the clearing house for all of these.

It is the agency which the churches have created to avoid duplication, to foster cooperation and make sure that every man and dollar render the utmost service possible.

The month of April will be devoted to making the facts of the survey known to America; in the week of April 25th-May 2nd, will come a united simultaneous financial campaign.

Whether You Are Inside the Church or Out

To every man and every woman who loves his country these 2000 county conferences are vitally important.

For the facts developed by this great survey show vividly what forces are at work in America—and what kind of a country this country is to be.

See that the pastor of your church appoints delegates. Any pastor can tell you the conference place and date. Or write direct to the

A PHILIPPINE TRAVELOGUE

THE ROMANTIC ISLANDS OF THE FAR
EAST. PICTURES OF THEIR NATURAL
BEAUTY AND HISTORIC SPOTS—BE-
COMING A MECCA FOR TOURISTS AND
A POPULAR WINTER RESORT.

The Zigzag on the Way to Baguio, Summer Capital of the Philippines.

All aboard! Let's go! We're start-
ing from Manila, the great picturesque,
Americanized Oriental city, and will
travel by automobile 200 miles to the
north to Baguio, the summer capital of
the Philippines. The trip can also be
made by train.
We have ahead of us one of the most
scenic, spectacular and thrilling auto-
mobile trips in the world. We will
have excellent roads all the way. The
Philippines are, in fact, a paradise for
autoists, possessing 3,500 miles of fine
macadamized roads.
The first part of the trip is through
typical small towns and then across
the central plain of Luzon and through
several rich and fertile provinces,
where tropical vegetation is seen at its
best. Here one is impressed with the
great agricultural wealth of the Philip-
pines, which represents one of the
East's greatest producing areas, with
the advantage of immense natural re-
sources for the development of further
production. It is regrettably true that
even in the United States there is far
from any real understanding of the
potentialities of the islands.

"At times we seemed perilously near the jumping off place."

At some points rice fields, looking in
the distance like the greenest of green
lawns, stretch away as far as the eye
can see. If you want color, if you
want to feel the romance and mystery
of an Oriental twilight, pass this way
as the red eyed sun at the end of the
dying day is slowly sinking behind the
unending expanse of green fields. At
first you cry out in ecstasy at the
gorgeous scene. But as you ride along,
your eyes fastened on the panorama
of tints and colors, and with the im-
penetrably black Oriental night com-
ing on fast, you become enthralled.
You no longer try to express your feel-
ings. You cannot. You realize that those
now fast changing, colorful master-
pieces in the heavens and on the land-
scape are pictures that no man can ad-
equately describe nor human hands du-
plicate. So what's the use of trying!
True, these are but impressions, but
the travelogueur considers himself just-
ified in mentioning them, for they are a
part of the trip to Baguio and return.
Indeed, the gorgeous sunsets in all
parts of the Philippines leave an im-
pression on the mind of the tourist that
is everlasting.
We leave the palms and tropical
foliage and enter the zone of rugged
pine. We pass from the soft, incense
laden air of the warm lowlands to the
crisp, invigorating ozone of the tem-
perate zone, all within a few hours'
time.
For mile after mile the road now fol-
lows the tortuous course of a river, the
road lying in the bottom or on the
rocky sides of a granite canyon.
The Philippines are rich in hydro-
electric possibilities. This power is the
cheapest power on earth. And it is
everlasting. Your travelogueur is nei-
ther a prophet nor the son of a prophet,
but he predicts that one day there
will be innumerable Philippine govern-
ment owned hydro-electric plants in
this canyon we are now passing
through. Think of the possibilities of
such a project! Today the trip from
Manila to Baguio is too expensive for
the average Manila worker and his
family, many of whom may live and
die without beholding the wondrous
beauties of their own island of Luzon.
Think of what a blessing it would be
to Filipino mothers and children to
feel upon their fevered brows the cool,
invigorating breezes of the mountain
tops, now so near and yet so far! With
the Philippine government owning its
own electric railways and hydro-elect-
ric plants it would be possible to bring

PASTOR DEFENDS SOLDIER

Tells Lowden Rooter Leonard Wood's Reputation Was Gained as a Civil Administrator.

Chicago, April. —Rev. Jesse B. Burkhardt, pastor of the First Congregational church of Boresford, S. D., has made public his reply to Johnston Myers of 2320 Michigan avenue, Chicago, who wrote asking him to support Governor Lowden for president. After enumerating the strong points of Governor Lowden, Mr. Myers asks: "Are we not tired of militarism?" In his reply Mr. Burkhardt says: "Since in the whole of his thirty-odd years in service General Wood has never led more than a brigade in battle and never engaged in anything that in this war would be called a battle. I cannot feel weary of his slaughtering. And when I think that the work for which we remember him and other nations honor him was that of a civilian administrator, I feel that your insinuation is unfair and unworthy."

WOOD FAVORS INDIANA WOMEN

His Managers Indorse Legislation That Will Give Them the Right to Vote.

Chicago, April. —District managers of the Leonard Wood campaign in Indiana have gone on record in favor of giving the women of their state the right to vote in the primary May 4. The meeting was called for the purpose of discussing this question by Harry G. Hogan, Indiana manager, and was attended by Frederick A. Joss, vice chairman of the Wood national committee and national committeeman from Indiana. The meeting also recommended that a special session of the legislature be called between now and the date of the primary to give women the ballot. Plans for General Wood's visit to the state late in April were discussed and efforts will be made to persuade him to spend a week in Indiana.

CORINNE GRIFFITH

Corinne Griffith is known as the best dressed woman on the screen. Her gowns are designed especially for her productions and quite frequently this favorite of the silver screen sets the style for Dame Fashion. But dress is not the only asset Miss Griffith possesses; her facial expression is in a class by itself. There is not an emotion, shade or degree of feeling that she cannot express with her features. "The Climbers," "The Tower of Jewels," "Human Material" and "Deadline at Eleven" give an idea of her versatility. These features also show Miss Griffith in some of her latest gowns.

LEONARD WOOD CAMPAIGN LEADERS

LEONARD WOOD AND HIS FRIENDS.

These boys are not afraid Leonard Wood will send them to war if he is made president, despite the gloom of the professional politician. The picture was taken in Buffalo, New York, when the Hutchinson school students overwhelmed Wood after his speech there.

ROOSEVELT BOY CAPTURES WOOD

Lawrence Hunt plunged into politics at eleven years of age, four years ago to root for Roosevelt. He lived in Forest Hills Garden, L. I., and worked with all his might to bring about the nomination of his idol. He wrote a pamphlet, among other stunts, and called it "The Boys of America to the Republican National Convention." One copy he mailed to Leonard Wood, commanding the Eastern department of the army on Governor's Island, New York harbor.

Among other things, Lawrence said that "a great army of American boys whose fathers are Democrats, will ask their fathers to vote for 'Our Teddy,' and the fathers will do it too, and Roosevelt will be elected." He laid stress on the fact that while "Preparedness" is Colonel Roosevelt's issue, his motive is "Peace on earth, good will toward men."

Leonard Wood was struck by the mature ideas of the boy and replied to his letter in these words:

"Governor's Island, N. Y., June, 6, 1916. "My dear Lawrence:

"Thank you for your pamphlet. 'With Armageddon Abroad. Let Us Have Peace Around Our Christmas Tree.' This is the desire of all our people. No one who knows anything about it wants war unless it is to save our people and the institutions and ideals which we believe are worth more than life itself.

"Preparedness is not preparedness for war; it is simply a peace insurance which we think is worth while taking out because it will enable us to protect all those things which are dearest to us Americans. It will enable us to avoid war because the world will see we are not only just and well-meaning; but we are prepared to resist the forces of evil with the strength of the right.

"I appreciate more than I can tell you the kind thought which prompted you to send this. All our people are interested in peace, but in the peace of righteousness, and consequently they should be interested in rational and proper preparedness.

"Sincerely yours, "LEONARD WOOD."

Lawrence was proud of the letter and kept it to show his little friends. He gave it to the Evening Mail, with the message:

"The honor Gen. Wood has done me in sending this letter is an honor to all boys, in whose names I wrote my pamphlet, and so I am bringing it to the Evening Mail so that all may read this message of peace from the American army."

FIRST CHOICE IN 19 STATES

Wood Leads Lowden by 143 Delegates in Poll Taken by New York Newspaper.

New York, April. —Leonard Wood holds a lead of 143 delegates over Governor Lowden in the presidential preference poll being conducted by the Sun and New York Herald, taken among the chairmen of the county committees. The candidate who gets the greater number of first choice votes receives credit for the number of delegates from the entire state.

Wood is first choice in 19 states and second choice in 13. Lowden is first choice in 9 and second choice in 16. Johnson is first choice in 2 states (not including Michigan).

Total number of delegates indicated by county chairmen's preferences: Wood, 352; Lowden, 209; Sprout, 76; Johnson, 36; Coolidge, 35; Watson, 30; Borah, 8.

The poll, so far, includes 34 states.

WOOD PARDONS DESERTER

Recognizes Mitigating Circumstances Which Led Him to Leave Bunkies to Race With Stork.

Omaha, April. —Private Lester L. Duncan, a Nebraska boy, deserted the army in San Francisco when a telegram reached him announcing a prospective addition to his family.

He returned to Omaha to find the baby in his home. After he had earned enough to keep his wife and child in comfort for several months, he gave himself up at Fort Omaha.

As a prisoner he did his tasks cheerfully, feeling that he had done his duty as a man, if not as a soldier. In February a court-martial recommended clemency. The announcement of the decree of the Central Department came direct from General Wood. It was a full pardon because of mitigating circumstances.

NEBRASKA LEGION FOR WOOD

Omaha, Neb., April. —Leonard Wood will receive 75 per cent of the vote of the American Legion members in Nebraska, according to reports received here. At Tekamah, Neb., a poll was taken and Wood received 64 votes, Hoover 16, Hitchcock 11, Pershing 10, Edwards 4, Johnson 2, Lowder 2, Lansing 1 and Wilson 1. At Fairbury the officers of the post had difficulty in keeping members from passing a resolution endorsing Wood for the presidency.

KNOWS WHO KEPT HIM HOME

Cairo, Ill., April. —White Gen. Leonard Wood was speaking from his train at Jerseyville, Ill., one of his hearers asked: "Who kept us out of war?"

"I can't answer that question," General Wood said, "but I know who kept ME out of the war."

ALICE JOYCE

Of all the reigning favorites of the early motion pictures, Alice Joyce alone shines as a star today. With such notable plays as Charles Klein's "The Lion and the Mouse" and "The Third Degree," the famous Drury Lane melodrama, "The Sporting Duchess," Rex Beach's story, "The Vengeance of Durand," and "Slaves of Pride" as her mediums, Miss Joyce has entered an era of steadily increasing popularity. She occupies a place among the rulers of the screen.

LARRY SEMON

Larry Semon, whose recent triumphs have impelled reviewers to style him "The New Comedy King," has risen to that coveted place by long training. Each stage in his career acted as a stepping stone to his great achievement. Perhaps he was born under a lucky planet. Anyway, he was fortunate enough to be the son of an actor and received an early training in magic, juggling and acrobatics. He mastered some of these arts before he had finished the third reader. After leaving school he traveled with his father and became more efficient in the art of entertaining.

Then followed the period in the newspaper business as cartoonist. This developed his creative ability and prepared him to write his own comedies. It also taught him to forsake the well beaten path and search in the byways for new material. A cartoonist must be original.

Thus, Larry Semon is perhaps the best qualified for the title of comedy king. All of his past experiences can be utilized upon the screen. He can resort to thrilling acrobatics where the average comedian is forced to use slapsticks. He is also adept in training animals and has a cat, monkey and six white mice that play difficult roles in his comedies.

During the three years previous to 1922, Albert E. Smith, president of Vitagraph, has agreed to outlay \$3,000,000 on Larry Semon in the production of 50 new comedies. "The Grocery Clerk," which is something different from the usual run of laugh makers, was the first film to be produced under the new contract. "Between the Acts," "Dew Drop Inn" and "The Head Walter" are some of Larry Semon's comedies that stand out prominent as being in a class by themselves.
